- n) Long-Term Care (LTC): The Disability Board recognizes the need to contain escalating costs associated with Long Term Care (LTC) Expenses. The Board has determined that for expenses beyond what LTC insurance can provide, it is determined that it is appropriate to establish a cap on reimbursing LTC charges that represents a reasonable charge for these services. This cap is based on the Genworth Cost of Care Survey, a nationally recognized survey of average costs for LTC adjusted annually. The Survey provides average costs by geographic region.

Rates: Annually, affected members will be notified by mail of the maximum reimbursement rate for the Clark County region that will apply in the following year. If the member lives outside of the Clark County region they would need to contact the City's Board Clerk for the rates for their area.

For services listed below, the Board will reimburse the average cost for the geographic region in which the member lives.

Maximum reimbursement amounts will be provided for the following LTC facilities/services:

- Assisted Living Facility – (one-bedroom unit) – includes Boarding Houses/Continuing Care Retirement Communities at the Assisted Living Level

- Nursing Home Care - (coverage at the semi-private room rate) – includes Adult Family Homes, Hospice Care, Skilled Nursing Care, Continuing Care Retirement Community at the Nursing Home Level.

Exceptions: Under extraordinary circumstances, the Board will consider reimbursing above the established maximum where the member can show that he or she cannot obtain the necessary medical service at the established maximum rate.

Procedure for Obtaining Authorization and Reimbursement: The procedure for obtaining any long-term care services as outlined above, requires pre-approval by the Board, if care is expected to last beyond 30 days.

Costs of LTC coverage not covered by LTC insurance requires the completion of a City of Battle Ground, LEOFF1 disability application with the physician's statement. Application must be completed by the member (or designee). The Board will review the application and approve or deny the services.

Requests for LTC facilities/services as outlined above must be re-submitted and re-approved by the Board every six (6) months.

The procedure for obtaining reimbursement for LTC charges is the same as it is for any other necessary medical expense. This includes submitting appropriate documentation/receipts required by the Board using the Claim Form. The charges must be submitted to Medicare and other insurance prior to submitting the reimbursement claim to the Board. Please note that expenses that are not medically necessary for the member shall not be reimbursed, including but not limited to personal care items, recreational charges and utilities.

The Board will not reimburse for home health care provided by an individual who ordinarily resides in the member's home or is a member of the family of either the member or the member's spouse, unless the individual is a currently licensed home health care provider and the individual is providing the services as part of his or her employment working for an agency/employer who normally provides such services.

LTC facilities/care providers may submit invoices to the City of Battle Ground Board Clerk directly, if the services have been approved by the Board. Payments will not be paid in advance, and only after the services have been rendered.

Charges for sunglasses, photogray lenses, or contact lenses in excess of allowance indicated, will be paid if pre-approved by the Board and prescribed by a licensed optometrist as a medical necessity.

The Board will consider, on a case-by-case basis, requests for radial keratotomy. In considering the individual applications, the Board will evaluate the requests where an ophthalmologist or medical doctor recommends radial keratotomy to correct a vision condition uncorrectable by any other means and would preclude the member from performing their duties with average efficiency.
